A. Order of Battle

- 25X1 1. In mid-April the 1st Proletarian Division was transferred to the Ajdovska-Zolla-Vipacco sector.
2. The 5th Assault Division has been transferred to Jesenice to replace the 17th Division which has been withdrawn to the rear area.
3. The staff of the 15th Majevacka Brigade (17th Division) is at Bohinj.
4. The staff of an anti-tank sub-division was recently transferred from Ljubljana to the Logatec-Zolla sector.

B. War industry

1. The Technical Institute for Artillery in Kragujevac has been converted for the repair of artillery weapons and the production of 82mm, 75mm, and 76mm (Russian type) guns as well as infantry ammunition.
2. The Institute in Usice is producing ammunition for rifles and automatic weapons.
3. The Vistad factory in Valjevo is manufacturing "Stokbrand 61" trench mortars. Fuses are imported from Czechoslovakia. It is rumored that rocket bombs are being shipped from Vistad to Ljubljana.
4. The Institute at Kamnik is producing a high explosive, allegedly more powerful than Kamnikite, under the direction of a Russian engineer. Rapid production of hand grenades, mortar shells, and 76mm artillery ammunition is under way. Gun powder is also being produced in large quantities.
5. The Institute at Obilicevo is equipped with machinery for the production of lethal gas. Ten German technicians are directing the work.

- C. The Military Geographical Institute in Belgrade is making vertical projection maps of Austria, Greece, and Italy. Seventeen German IEs who are specialists in geodesics, cartography, etc. are employed in the cartographic section.
